Tahiti (Papeete), French Polynesia

Tahiti is not just an island - Tahiti has always been a state of mind. The bustling capital of Tahiti and her islands, Papeete is the chief port and trading center, as well as a provocative temptress luring people to her shores. Immortalized in the novel "Mutiny on the Bounty," who could blame the men of "HMS Bounty" for abandoning their ship in favor of basking in paradise? And what would Modern Art be without Tahiti's influence on Gauguin and Matisse? Today the island is a charming blend of Polynesian "joie de vivre" and Gallic sophistication. But venture out from Papeete and you find a landscape of rugged mountains, lush rainforests, cascading waterfalls and deserted beaches.

Contrasting with other French Polynesian ports, Papeete's coastline initially greets you with a vista of commercial activity that graciously gives way to both black and white-sand beaches, villages, resorts and historic landmarks.

Highlights of Tahiti

PPT-110 Approximately 3 hours / From \$89

Your half-day tour begins as you board your motorcoach for a scenic drive to the Monument of Captain William Bligh. The National Geographic Society erected the monument in the early 1960s to commemorate the naval feats of Captain Bligh.

In 1776, Captain James Cook appointed Bligh as Sailing Master of the HMS Resolution for his third voyage to the South Seas. He was only 21, and to achieve that senior rank on a major scientific expedition was a great tribute to his abilities. During the voyage he discovered the breadfruit plant. In 1789, he directed a voyage of 3,618 nautical miles in 47 days, one of the most remarkable feats in the history of navigation. They traveled in a small, overloaded open boat with no maps or compass to the Dutch port of Coupang, Timor. Sailing through the Fiji Islands, the first Europeans to do so, they were pursued by cannibals on two fast sailing canoes. Bligh managed to chart the islands and his findings were so accurate, they could still be used today. The breadfruit tree under which the Monument of Captain Bligh is erected is an offshoot of one of the original trees he introduced to the Caribbean Islands in 1793.

You'll continue along the scenic east coast of Tahiti, passing the famous Papenoo surfing beaches along the way. Keep your camera ready for photo opportunities at virtually every turn.

You'll drive to Tahara'a "One Tree Hill" for a spectacular view of Matavai Bay. Captain James Cook sailed the "Endeavor" into Tahiti's Matavai Bay in 1769 and sighted a single tree with bright red-orange flowers growing on the promontory above the bay. Cook used the tree as a navigational landmark and named this reference point "One Tree Hill." Although the gnarled old tree has long since disappeared, the lookout provides impressive panoramic views of the island of Moorea, the Sea of Moons and the surrounding coral reefs and lagoons. The monumental 110-foot tall lighthouse built in 1867 is still operational up to this day.

You'll continue to Point Venus, Tahiti's northernmost extremity. Once the site from which Captain James Cook's astronomer tracked the transit of Venus across the sun, today its black-sand beach is recognized today as the most popular beach on the island.

Your tour continues to the famed Arahoho Blowhole, where waves crashing through the volcanic basalt rock create the famous blowhole. Also on your itinerary is a tour of the James Norman Hall Museum. Inside is the library with the original wooden desk and typewriter, as well as over 3,000 books representing seven generations of American literature, antique furniture, nostalgic family photos and favorite paintings.

Before returning to the ship, you'll make a photo stop at Faarumai Valley to witness the island's most breathtaking waterfall, and at the Tomb of Pomare V, the last king of Tahiti.

Then reboard your motorcoach and pass the Vaipahi waterfalls and gardens of Mataiea, a private property with a garden of local fruit trees, native trees and flowers, and a picturesque waterfall setting. You'll drive past Maraa Grotto and witness the giant elephant ear ferns and taro that grace its entrance. Inside, overhead springs seep through a ceiling of ferns in this cavern formed by the sea. Huahine, Polynesia

One of Polynesia's best-kept secrets - Huahine, the "Wild Island" in the Society Islands - lies just over a hundred miles from Tahiti. The two islands of Huahine, Huahine Nui and Huahine Iti (Big Island and Little Island), are surrounded by a deep lagoon encircled by a coral necklace. Connected by a bridge, both islands boast white-sand beaches, vanilla plantations, friendly and easy-going islanders, and some of Polynesia's most significant cultural sites.

Island Drive

HUH-105 Approximately 1.5 hours / From \$89

One of the most picturesque islands in all of French Polynesia, Huahine is also known as the 'Garden Island', and you'll quickly learn why, on this laid-back excursion. Your short tour starts with a friendly greeting from your smiling guide before a scenic drive past tropical fruit plantations, lush forests, palm trees and stunning beaches.

Your first photo-opportunity of the day will be the island's fascinating open air temples; called Marae, they are made of stone and considered to be most sacred, and socially important. Near the Marae, your guide will then point out the magnificent 400-year-old Polynesian stone fish traps, which are still in use today. Fish is widely eaten here, the most popular being Mahi-mahi and tuna.

Afterwards, you will head to a vanilla store, where the air is heavy with the smell of sweet vanilla. Here, you will learn more about the climbing orchids that produce vanilla pods, and see them up close.

Your guide will then take you to a nearby stream where you will be able to view the enormous blue-eyed, freshwater eels that live here. Seemingly tame, they seem almost camera-ready as they rear their heads out of the water begging for food. Your final stop of the tour will be at the breath-taking Belvedere Lookout. Bora Bora, French Polynesia

Majestic mountains sculpted by ancient volcanoes, a shimmering lagoon and a barrier reef dotted with tiny motu, or islets - welcome to Bora Bora, perhaps the most stunning island in the South Pacific. Only 4,600 people live a seemingly idyllic lifestyle in the main villages of Vaitape, Anau and Faanui. No wonder those generations of travelers - including novelist James Michener - regarded Bora Bora as an earthly paradise.

Connected to its sister islands by water and by air - the landing strip sits atop Motu Mute, one of the reef's islets - Bora Bora remains relatively unspoiled by the modern world.

Note: Bora Bora is an anchorage port. Transportation from the ship to shore will be via the ship's tender service.

Princess is at your service.

Safety: Your safety and security are of the utmost importance to us and they are the primary consideration in the development and operation of our tour programs.

Value: We endeavor to select local tour operators who provide excursions of the highest quality and we carefully monitor prices to ensure that you are receiving good value. Remember to book early to receive the best possible price.

Q. WHAT DOES PRINCESS DO TO ENSURE MY SAFETY WHILE I'M ASHORE?

A. Our primary concern at Princess is your safety and security. We are in continual contact with authorities concerning any travel advisories that might impact our cruises. If the U.S. State Department advises against travel to specific locations we visit, we would make the necessary changes to the published itinerary. Although such itinerary changes occur infrequently, please understand that these changes are for your own safety and security and are beyond our control.

Despite all of our efforts and in light of recent world events, we remind all of our passengers that they must ultimately assume responsibility for their actions while ashore. In this regard, we would like to remind you of some common sense precautions when visiting ports-of-call:

- Stay in the normal tourist areas and don't travel to out-of the way places without the benefit of a guided tour offered through Princess.
- Do not leave any of your belongings unattended in public areas.
- Be generally aware of people and activities around you.
- Do not accept packages from anyone you don't know personally.
- Keep a low profile - dress and behave conservatively.
- Be careful when eating and drinking ashore.

We thank you in advance for following these recommendations, which we believe will enhance the enjoyment of your cruise or cruisetour.

Q. WILL I MISS THE SHIP IF I GO ON A SHORE EXCURSION?

A. One very important feature of taking a shore excursion organized by Princess is that we closely monitor the departures and returns of all our tours. Therefore, our ships do not sail until all of our organized tour transportation has returned, so you can be assured that you won't miss the ship. Please keep in mind that when you make your own arrangements in port, or if you leave an organized tour, we will no longer be aware of your whereabouts; so be sure to schedule ample time to return to the ship before it sails.

Q. HOW DO I RESERVE MY SHORE EXCURSIONS IN ADVANCE OF MY CRUISE?

A. Visit our website at princess.com for the most up-to date shore excursion information, full tour descriptions and to request your shore excursions up until 5 days prior to your cruise. The Cruise Personalizer is the fastest and most convenient way to reserve your shore excursions. Please keep in mind that you will receive your tickets when you arrive onboard and all of your shore excursion purchases are charged to your shipboard account. Advance payment is not accepted. Since shore excursions have limited capacity, we encourage you to reserve your tours as early as possible to avoid disappointment and confirm the best price. Reservations are processed on a first-come, first-served basis.

You may change shore excursion requests, but be advised that shore excursion prices may change. Requests to add tickets at a later time can be made but these tickets may be at a higher price than those previously booked. If you request a shore excursion which you previously cancelled, these requests will be confirmed at the current shore excursion price, which may be higher.

Q. HOW DO I RESERVE MY LAND EXCURSIONS IN ADVANCE OF MY CRUISETOUR?

A. When you are ready to pre-reserve your land excursions, go to the Cruise Personalizer and have your booking number and credit card information ready to enter. A credit card must be registered for each passenger that wishes to participate on a land excursion and we accept Princess Visa, Visa, MasterCard, American Express, Discover and Diner's Club. Credit cards used to pre-reserve land excursions must be valid through the full length of your cruisetour and may also be used to establish your shipboard account. Although a credit card is required to reserve your excursion(s), guests are able to pre-reserve all of their land excursions with no deposit required. An auto-charge of all pre-reserved excursions will take place two days prior to your first Land Excursion booking. Confirmed pre-reserved excursions can be viewed at any time in your detailed itinerary in the Cruise Personalizer. The Cruise Personalizer will remain open until your cruisetour departure date so you may add or cancel tours prior to the cancellation deadline without penalty. Excursions cancelled once the auto-charge has been processed are subject to a 100% penalty. Note that excursion availability is based on cruisetour date, capacity limitations, and suitable weather conditions. Excursions are subject to change at any time and available on a first-come, first-serve basis. Guests are encouraged to book early as space is limited and flightseeing tours in particular may not be available for pre-reserving right up to tour departure date. Prior to travel, print your Travel Summary which will have a listing of all of your pre-reserved land excursions. You will also receive information on confirmed excursions in your Welcome Envelope upon arrival at each location.

Q. HOW CAN I BE SURE I AM CONFIRMED ON THE EXCURSIONS I WANT?

A. When you book your excursions online at princess.com, you receive an immediate confirmation of the status and price of your requested excursion. The site shows the remaining capacity on all tours, so you know if you are confirmed or waitlisted. To avoid disappointment and confirm the best price, please reserve your excursions as early as possible. If the specific tour time you requested is fully booked, Princess may schedule you on an alternate departure that corresponds with your other tour selections.

If your shore excursion choice is not available, we will put you on a waitlist and attempt to obtain more space on the shore excursion. If you have companions traveling with you in your stateroom or in other staterooms and would like everyone to be on the same shore excursion departure, order all the excursions under one name. Requests made individually, even if at the same time, may cause you to be booked on a different departure than your companions or waitlisted on an excursion for which your companions are confirmed.

Land Excursions can not be waitlisted but we actively request more space wherever possible from our tour operators; if a tour is sold out we encourage guests to revisit the Cruise Personalizer at a later date and they can also check for more availability at the tour desks in our Alaska ports.

Q. MAY I TAKE MORE THAN ONE TOUR IN A SINGLE PORT OF CALL?

A. Yes. In Alaska, Canada/New England, the Caribbean, Panama Canal, Hawaii and Mexico, allow at least 30 minutes between each tour. In all other regions, allow at least 60 minutes between each tour. All tours depart from, and return to, the cruise ship pier. By scheduling the appropriate amount of time between tours, you will have sufficient time to take multiple excursions.

Q. CAN I CANCEL AN SHORE EXCURSION I'VE REQUESTED?

A. Due to the limited capacity and high demand for helicopter flights and private vehicle options, these shore excursions are not refundable unless cancelled by 12:00pm on the day after embarkation.

For all other shore excursions, a "Closing Time for Bookings" for each port of call is listed on the Tour Order Form you will receive onboard in your stateroom. This is the time when the bookings for the tours in that port close and we notify the local operators of the final shore excursion requirements. You may cancel an excursion if it is prior to the closing time whether you reserved in advance or onboard. We cannot cancel a shore excursion if it is past this closing time, nor can we refund shore excursions on which you choose not to go. All shore excursions operate rain or shine unless cancelled by the tour operator.

Q. CAN I CANCEL A LAND EXCURSION I'VE REQUESTED?

A. Due to the exclusive nature and advanced planning required for excursions involving hotel accommodations, airline flights and some flightseeing tours, these excursions are not refundable within 30 days of sailing. A fee will be assessed onboard for any of these tours cancelled within 30 days of sailing.

Land Excursions, pre-reserved through the Cruise Personalizer, may be cancelled up to the Land Excursion cancellation deadline which is two days prior to your first land excursion booking. At the cancellation deadline, all pre-reserved land excursions will be auto-charged using the credit card that you provided in the Cruise Personalizer to reserve your tours. Excursions cancelled once the auto-charge has been processed are subject to a 100% penalty, unless the operator, at their sole discretion, is unable to operate the program due to unforeseen circumstances. All sales of tours booked while on your land tour are considered final at the time of purchase and are 100% non-refundable except in the case of an operator approved cancellation.

Q. CAN I REQUEST TO BE REFUNDED FOR MY LAND EXCURSION.

A. In the event of any excursion being cancelled for reasons beyond our control, a full refund will be made. Land

Excursions that were pre-reserved, charged and then cancelled due to weather or other operator approved cancellation will be refunded using the same credit card used to book your excursions. These refunds will typically be reflected on your credit card statement between 7-10 business days after cancellation. Tours booked while on your land tour are considered final at the time of purchase and are 100% non-refundable except in the case of a cancellation by the vendor. Should any excursion have to be abandoned through force majeure or difficulties en route, the best possible refund will be arranged according to the circumstances.

Q. HOW DOES THE PRINCESS EXCURSIONS PROGRAM OPERATE ONBOARD?

A. Our Shore Excursion Manager runs the onboard portion of the Princess Shore Excursions program. Tour Office staff are available to answer questions and make shore excursion reservations for you. Once onboard in your stateroom, you will find tickets for the shore excursions you reserved in advance. If you have not yet reserved tours or would like to purchase additional shore excursions, you will find a Tour Order Form in your stateroom. You will also find a schedule of daily activities, the Princess Patter, which features important program information including Tour Office hours and the closing time for shore excursion bookings. Remember, tickets are sold on a first-come, first-served basis and space on shore excursions is limited, so book early. A Tour Order Form drop box is located near the Tour Office where you may deposit your order form at any time.

Q. ARE THERE CHILDREN'S PRICES AVAILABLE?

A. Yes, on some tours for children age 12 and under. If you are traveling with children, please pre-reserve the number of child tickets you would like on the Cruise Personalizer. If the adult and child price is the same, please order all tickets as adult. Once onboard the ship or at one of our land excursion destinations, check your tour tickets to ensure you have received the correct number of adult and child tickets. Visit the Tour Office as soon as possible to make any necessary adjustments. Parents are also responsible for bringing a safety seat for their child.

On most helicopter and flightseeing tours, children 24 months of age and older are required to have their own seat. Children under 24 months are considered lap infants and may ride free of charge if the tour operator can accommodate them - with prior arrangement through the onboard Tour Office. Parents must show proof of age to the tour operator for any lap infant. Children under the age of 24 months are not able to participate on a helicopter tour.

Q. ARE PRIVATE SHORE EXCURSION OPTIONS AVAILABLE WHERE I CAN CUSTOMIZE MY TOUR?

A. Yes, in many ports we offer shore excursions that can be customized to your specifications. On these tours you are able to book exclusive use of the tour vehicle (automobile, boat or plane) and tailor the tour to include activities and venues you want to experience.

Due to the limited capacity and highly specialized nature of these excursions, they are not refundable unless cancelled by 12:00pm on the day after embarkation or prior to the booking closing time for the port which is listed on the onboard Tour Order Form (whichever is first). Once onboard the ship, you may be provided with a preference card to advise the tour operator of your selected itinerary and interests. The onboard Tour Staff will gladly assist you and provide recommendations.

Please note these shore excursions are sold per transport, not per person, so only one passenger should make the reservation for the entire group. This is a private arrangement and those accompanying you are the guests you choose; Princess does not match up individual passengers to form a private group for the vehicle. The price listed includes the means of transport and/or private guide and does not include gratuities, meals and attraction entrance fees (unless indicated otherwise) as these will vary based on your choices.

Q. ARE THERE AGE OR OTHER RESTRICTIONS ON TOURS?

A. For most tours, there is no minimum age for children as long as they are accompanied by a parent or guardian. Passengers under the age of 18 years cannot participate without a parent or guardian. Please review the tour description notes for the most current restrictions and any exceptions; a few operators may allow an unaccompanied minor on tour if a waiver is signed by the parent or guardian in the operator's presence. Any other restrictions imposed by the tour operator are listed in the "Special Notes" section of each tour description.

Q. IS A VISA REQUIRED FOR ANY OF THE PORTS I VISIT?

A. Please review the information detailed in the "Itinerary" section of the Cruise Personalizer regarding any applicable visas for your specific voyage.

Q. IS ANY ADDITIONAL DOCUMENTATION REQUIRED TO PARTICIPATE ON SHORE EXCURSIONS?

A. Passports, visas and other documentation may be required on certain shore excursions. Please review the "Special Notes" section of the shore excursion for full details. Notarized written consent is required for children crossing international borders without both parents.

Q. ARE THE EXCURSIONS GUIDED?

A. Yes. All of our excursions include local English-speaking guides except for On Your Own tours and where otherwise noted.

Q. SHOULD I TIP THE TOUR GUIDE?

A. Tipping is a discretionary matter; however, it is customary, if one is pleased with their tour, to tip the tour guide. A

general rule of thumb is \$2 per person for a half-day tour and \$5 per person for a full-day tour.

Q. WHAT TYPE OF CLOTHING SHOULD I WEAR WHILE ON TOUR OR IN PORT?

A. During your cruise, the climate can range from temperate and cool to hot and humid. Please plan to dress in layered, light- to medium-weight clothing and comfortable, low-heeled walking shoes. Since weather conditions may vary, we suggest you also pack a sweater, a light jacket and an all-weather coat. In addition, don't forget a hat or visor, a collapsible umbrella, sunglasses, sun screen and of course your camera and extra film and batteries. Please note that for water-related excursions where we suggest you wear your bathing suit, cover-up and hat, we have placed a symbol next to the shore excursion description.

If you plan to participate on an overland tour and will need to recharge video equipment or use a hair dryer, we suggest you bring an international adapter. Whenever you plan on going ashore, we highly encourage you to leave your valuables and jewelry onboard. While ashore, please take care in protecting your purses, cameras and other personal items. Minimizing personal belongings brought ashore could expedite the security process when reboarding the ship. We suggest you carry a photocopy of your passport when going ashore as you may need your passport number to exchange currency.

Please be mindful that in some of the countries you will visit, the local people may have somewhat more conservative views concerning dress than those to which you are accustomed. Generally shorts, tank tops, and short skirts are not acceptable dress when visiting churches or places of worship. Specific information regarding appropriate dress in these ports is provided with the shore excursion. For all golf tours, collared shirts and either long pants or Bermuda-style shorts are required (no cut-offs, bathing suits, etc.).

Q. WILL I MISS MEALS IF I GO ON SHORE EXCURSIONS?

A. Our wide variety of dining venues, including a 24-hour buffet, means there are always meal options available onboard that fit within the shore excursion timing you select.

Q. IS THERE TIME FOR SHOPPING ON THE EXCURSIONS?

A. Shopping is, for many, an important part of travel and, wherever possible, time for this activity is allowed within the framework of many of our shore excursions. Please note, however, that the actual amount of time available for shopping is generally limited.

Q. DO THE EXCURSIONS INCLUDE MUCH WALKING AND STAIR CLIMBING?

A. All of our excursions involve some walking and some excursions include more walking and stair climbing than others. Walking may be over uneven surfaces such as cobblestone city streets or the rocky pathways of ancient ruins. On many excursions, it is necessary to negotiate stairs. Please keep in mind that many of the buildings you will be visiting may have been constructed well before conveniences such as elevators were invented and have been preserved in their original state. Please refer to our tour symbols with each excursion description for more information and guidance.

Q. WHAT ELSE SHOULD I ANTICIPATE IN PORTS?

A. Keep in mind that some sites you will be visiting are extremely popular among both tourists and locals. Therefore, you may encounter crowded conditions, whether participating in one of our tours or sightseeing on your own. Regrettably, we have no control over this situation. With regard to photography, some venues may prohibit the use of flash cameras, so fast-speed film is recommended. In some places, photography or video may be prohibited altogether or a fee may be imposed. We ask that you observe any restrictions and, if in doubt, ask your guide for assistance.

Q. AM I REQUIRED TO WEAR SAFETY EQUIPMENT ON TOUR?

A. Yes, on certain tours it is mandatory that you wear the appropriate safety equipment in order to participate. Such equipment includes, but is not limited to snorkel vests, life vests, helmets, etc.

Q. WHAT IS REQUIRED TO PARTICIPATE IN A CERTIFIED DIVE TOUR?

A. An open-water scuba certification card must be presented in order to participate in a certified dive tour. Unfortunately, we are unable to accommodate divers with either a Junior Open Water or a Scuba Diver rating due to the depth limitations imposed by these certifications. The sport-diving industry recommends that divers take an update course if they have not been diving within the last six months. Please note that some dive operators may reserve the right to refuse to take divers who cannot provide proof of the date of their last dive or scuba review course. We recommend you bring a log book or proof that you have recently completed a review course.

There are certain medical conditions that may prevent your participation. Accordingly, you will be required to complete a medical-history form and liability waiver/release form that will be supplied onboard or by the tour operator. Following is a non-inclusive list of several medical conditions that may prevent you from safely participating in scuba diving. Any of these conditions would also require an examination prior to your cruise by a qualified physician to obtain written permission to participate in scuba diving activities. Heart disease or previous heart attack, diabetes, epilepsy or seizures, high blood pressure or the need to take medication to control blood pressure, pregnancy, asthma or any form of lung disease, recent surgery, blackouts, sinus problems, fear of closed spaces, recurring complicated migraines headaches, recurrent ear problems, severe motion sickness and presently taking prescription

medicines with the exception of birth control. Passengers are welcome to bring and use their own personal equipment, but it must be stored in their stateroom and there is no reduction in the tour price.

Q. ARE THERE ANY SPECIAL REQUIREMENTS FOR PARTICIPATING IN AN INTRODUCTORY/DISCOVER SCUBA DIVING TOUR?

A. Yes, there are certain medical conditions that may prevent your participation. Accordingly, you must complete a medical history form and liability waiver/release form that will be provided on board or by the tour operator at the beginning of the tour. Following is a non-inclusive list of several medical conditions that may prevent you from safely participating in scuba diving. Any of these conditions would also require an examination prior to your cruise by a qualified physician to obtain written permission to participate in scuba diving activities. Heart disease or previous heart attack, diabetes, epilepsy or seizures, high blood pressure or take medicine to control blood pressure, presently taking prescription medicines with the exception of birth control, pregnancy, asthma or any form of lung disease, recent surgery, blackouts, sinus problems, fear of closed spaces, recurring complicated migraine headaches, recurrent ear problems, and severe motion sickness. For Introductory Scuba Diving tours there is a minimum age of 10. Passengers under the age of 18 must be accompanied by an adult.

Q. ARE THERE ANY SPECIAL REQUIREMENTS FOR PARTICIPATING IN A SNUBA DIVING, HELMET DIVING OR UNDERWATER SCOOTER TOUR?

A. Yes, there are certain medical conditions that may prevent your participation. Accordingly, you will be required to complete a medical-history form and liability waiver/release form that will be supplied onboard or by the tour operator. Following is a non-inclusive list of several medical conditions that may prevent you from safely participating in scuba diving. Any of these conditions would also require an examination prior to your cruise by a qualified physician to obtain written permission to participate in scuba diving activities. Heart disease or previous heart attack, diabetes, epilepsy or seizures, high blood pressure or take medicine to control blood pressure, presently taking prescription medicines with the exception of birth control, pregnancy, asthma or any form of lung disease, recent surgery, blackouts, sinus problems, fear of closed spaces, recurring complicated migraine headaches, recurrent ear problems, and severe motion sickness. For helmet or SNUBA tours there is a minimum age of 8 years and passengers must weigh at least 75 pounds. For underwater scooter tours there is a minimum age of 10.

Q. ON SPORTFISHING EXCURSIONS, DO I GET TO KEEP THE FISH I CATCH?

A. Most sportfishing tours offered by Princess are part of a catch-and-release program. Fish that are edible and not endangered are typically landed and kept by the boat crew. Please remember you have purchased an opportunity to catch fish, not a guarantee of doing so. As one of our boat captains said, "We guarantee fishing, not catching."

In Alaska only, if your tour is not designated as catch and release, your catch can be processed and shipped home for an additional charge as arranged by the tour operator. Because of its perishable nature and U.S. Customs regulations, your catch may not be sent outside of the United States in most cases. Due to federal regulations, your catch may not be stored onboard the ship, but may be prepared for dinner onboard. Fish caught while at our lodges in Alaska, needs to be shipped home if not part of a catch-and-release program. In Alaska, fishing licenses are required and can be purchased on your boat for \$20 per person in cash (rates subject to change). Fishing for king salmon requires an additional \$10 retention tag (rates subject to change). Children under 16 do not need a license. Fish runs are dependent on spawning seasons, so during May and late-September fish stock may be more limited. Go to www.adfg.state.ak.us for more details on licensing requirements and fishing regulations in Alaska.

Q. WHAT SHOULD I KNOW BEFORE TAKING A HELICOPTER TOUR?

A. Due to weight and balance limitations, as well as passenger safety and comfort, the helicopter excursion companies have advised that passengers weighing 250 pounds or more (fully clothed) will be assessed a surcharge to reserve adequate space onboard the helicopter. The surcharge amount will be indicated in the "Special Notes" section of each tour.

Because of the limited capacity and high demand for helicopter tours, they are not refundable unless cancelled by 12:00pm on the day after embarkation. Children 24 months of age and older are required to have their own seat. Children under 24 months are considered lap infants and may ride free of charge if the tour operator can accommodate them - with prior arrangement through the onboard Tour Office. Parents must show proof of age to the tour operator for any lap infant.

Carry-on bags are not allowed and limited secure storage is provided at the heliport. Helicopters may carry up to six guests depending on combined group weight. The flight length is approximate and flight route may vary due to weather conditions. Helicopter tours may be cancelled on short notice due to weather or safety issues. Warm clothing and sunglasses are recommended on helicopter tours. Dressing in layers is practical and lets you adjust your attire to meet changing conditions.

For helicopter tours in Denali National Park, a surcharge is not charged for guest over 250lbs. The helicopter company will assign aircraft and seats based on weight and balance. While every consideration is made to keep traveling companions and/or families together, this is not always possible for safety reasons.

Q. DOES PRINCESS OWN THE TOUR COMPANIES IN THE PORTS?

A. No, all of the shore excursions are operated by local, independent companies not by Princess; Princess retains a

portion of the total sale. We selected only the most reputable companies available to provide your excursions. The companies providing your excursions are selected by Princess based on their excellent reputation for service and safety.

Q. WHAT DO YOU RECOMMEND FOR PHYSICALLY CHALLENGED PASSENGERS?

A. Our answer, of course, depends on the type and degree of the disability. The goal of Princess Cruises is to provide a safe comfortable cruise experience for all passengers. If you will be using a mobility device during your sailing we strongly recommend you travel with a person physically fit to assist with your needs both onboard and ashore.

If passengers are able to walk on their own, we recommend tours designated as requiring a moderate level of activity. The transport on some tours may be able to accommodate a collapsible wheelchair stored below the bus; scooters or motorized wheelchairs are often too large. If confined to a wheelchair, we would recommend reserving the excursions identified as wheelchair accessible (see Tour Symbols listed for each tour) or a private vehicle shore excursion. We also recommend that non-ambulatory passengers be accompanied by someone who is able to assist them throughout the duration of their day. Our Tour Staff can provide more information on touring options for non-ambulatory guests. Physically challenged passengers participating on a shore excursion must contact the Tour Office at least 48 hours prior to your excursion to ensure arrangements can be made to meet your particular needs.

Embarking and disembarking can be challenging for those with limited mobility. Many major ports of call provide easy access for wheelchairs and scooters. However due to various conditions: steepness of the gangway, weather, shoreside facilities and tidal and sea conditions, passengers using mobility devices may be required to transfer to a stair climber or be precluded from going ashore. Princess staff will make every effort to assist but are not allowed to individually physically lift more than 50 pounds (22 kg).

Some ports of call require the ship to anchor off shore. Passengers are then taken to shore by small boats or tenders. When tendering is required, passengers using mobility devices will not be transferred into or out of the tender, if lifting in excess of the above limitation is required. Many tender ports do not provide wheelchair access so even if the passenger can board the tender they may not be able to disembark ashore. Again the shoreside facilities, movement of the tender, weather and tidal conditions can also preclude tendering.

The decision to allow any passenger to board a tender or disembark the vessel will be made by the Captain on the basis of the safety and welfare of all involved and is final. If passengers are unable to tender or disembark because of circumstances outlined above there will be no refund or credit for missed ports. While Princess recognizes your disappointment the safety of both passengers and crew takes precedence.

For more information on the terms and conditions for Princess Shore Excursions, please refer to the Special Information section. Every effort will be made to accommodate all passengers on the tour of their choice but, tours are operated by independent local companies and not by Princess. The final determination to let any passenger participate is made by the tour operator and therefore if, in the judgment of the tour operator, the safety or comfort of any passenger is in question, guests may be denied participation. This evaluation may not be able to be determined until meeting directly with the local tour operator.

Special Information

CONDITIONS In selling tickets (including coupons or vouchers) or otherwise promoting or making arrangements for Excursions— whether for air, land or local water transportation; tours; sports or any other recreational activities; shore accommodations or meals or for any service, facility or activity other than onboard Princess' cruise ships – Princess acts only as agent for the independent tour operator supplying such excursions or services. Participation by a passenger in Excursions is conditioned upon such passenger's acceptance of the terms and conditions set forth in the Passage Contract contained in the Cruise Ticket, the Excursion Ticket and, depending on the activity, other documents which, among other things, expressly release Princess from any liability for such participation. Participation may also be subject to the independent tour operators' own terms and conditions.

EXCURSION TIMINGS Departure times for each tour will be listed on princess.com in the Cruise Personalizer. For Shore Excursions, they will also be listed on the Tour Order Form, which you will receive onboard. These have been published according to information from our Tour Operators, but are subject to change should the vessel's arrival time at any port be delayed, or the itinerary for any particular excursion be amended. Please note that the time shown will be the time the last tour vehicle leaves the pier or hotel. Passengers are requested to report to the specified departure location (either onboard ship or shoreside) at the designated time, as delay on your part can interfere with the pleasure of your fellow passengers.

EXCURSIONS WITH LIMITED PARTICIPATION Shore Excursions may be purchased in advance of your cruise departure or onboard ship on a first-come, first served basis. Many of our excursions have limited participation and reservation requests will be processed in the order received. When excursions are fully subscribed, additional requests will be placed on a waiting list in the order received. Land Excursions can not be waitlisted but we actively request more space wherever possible from our tour operators; if a tour is sold out we encourage guests to revisit the Cruise Personalizer at a later date and they can also check for more availability at the tour desks in our Alaska ports.

PERSONAL POSSESSIONS Coats, wraps, umbrellas, cameras, handbags, traveling bags and similar personal articles remain at all times through the tour under the passenger's custody and control. Be careful that you do not leave your possessions unattended at any time in the car or coach in which you are traveling.

PRICES The prices for Excursions are subject to change without notice; are per adult, per child or in some cases per vehicle. Prices are confirmed at the time of booking. All quotations made include conveyance according to the itinerary and, where applicable, meals, refreshments, guides and entrance fees, unless otherwise stated. Children, other than infants in arms, will be charged full fare unless noted otherwise.

SHOPPING Where possible, time for shopping has been allowed within the framework of some excursions. However, excursions are not primarily designed for shopping, and time allowed for this purpose may be limited.

REFUNDS No refunds can be made on any ticket, coupon or voucher unless notice of cancellation is given before the closing date indicated on the booking form for the excursions involved. The times when bookings will close will be published onboard. In the event of any excursion being canceled for reasons beyond our control, a full refund will be made. However, should any excursion have to be abandoned through force majeure or difficulties en route, the best possible refund will be arranged according to the circumstances. Land Excursions that were pre-reserved, charged and then cancelled due to weather or other operator approved cancellation will be refunded using the same credit card used to book your excursions. These refunds will typically be reflected on your credit card statement between 7-10 business days after cancellation. Tours booked while on your land tour are considered final at the time of purchase and are 100% non-refundable except in the case of a cancellation by the vendor.

TRANSPORTATION Passengers should appreciate that standards of transport vary considerably throughout the world. Air-conditioned coaches are not available in many areas, and in some, local buses are the best available. Cars or taxis are also used at some ports where coach or bus transportation is not available or limited. Passengers wishing to travel with friends should all leave the ship together, as this will help the Tour Staff to allocate them space in the same vehicle. For the comfort of all passengers, smoking is prohibited aboard all sightseeing vehicles.

WITHDRAWAL OF TOURS The Tour Operator reserves the right to withdraw any excursion through lack of demand and to make any alterations that they may deem advisable for the comfort of the passengers, bearing in mind the convenience and best interest of each group.

ECOLOGY & ENVIRONMENT. It is our policy to maintain a positive and proactive position in relation to the environment. We realize that there is much work to be done to achieve our company goals. To this end we are continually striving to increase awareness of any environmental issues that are likely to affect any of the excursions we offer. We work closely with our local agents to convey any environmental messages in our shore excursion programs and therefore ask you to support us in our efforts by respecting the cultures, customs and environmental issues of the various destinations we visit.
